

BHAVESH MAHAJAN

📍 Jalgaon, Maharashtra | 📞 +917666702074 | ✉ bhavesHPm2002@gmail.com | 🌐 [LinkedIn](#)

CAREER OBJECTIVE

A passionate and detail-oriented fresher with a strong interest in firmware development and embedded systems. Skilled in low-level programming, debugging, optimizing embedded solutions and PCB designing. Always eager to learn and take on new challenges, with a problem-solving mindset and a drive to create efficient and reliable technology. Open to working on any technology and adapting to new domains to contribute effectively to innovative projects.

EDUCATION

- **B.E. Electronics & Telecommunication**
SSBT College of Engineering & Technology, Bambhori, Jalgaon.
CGPA - 7.47(68.00 %) [Dec 2021 - May 2025]
- **HSC**
M.U.M. Vidyalaya, Jalgaon.
Percentage - 82.50 % [Jun 2020 – Feb 2021]
- **SSC**
Imperial International School, Jalgaon.
Percentage - 72.80 % [Jun 2018 – Feb 2019]

PROJECTS

- **IOT Based soil nutrient monitoring with Arduino & ESP32 [2024 – Present]**
 - Used Arduino Nano, ESP32, Sensors (NPK, Soil Moisture, pH, Temperature), C/C++, ThinkSpeak Cloud Platform.
 - Developed an IoT-based system to monitor soil nutrients real-time for agricultural applications.
 - Developed measurement of soil nutrients with 95% accuracy.
 - Reduced cost of farming by 35%.
 - Transmitted sensor data wirelessly to the cloud (ThinkSpeak) for remote monitoring.
 - Designed a custom PCB using Eagle CAD to integrate sensors and microcontroller efficiently.
 - Designed a user-friendly dashboard to visualize sensor readings for better decision-making.
 - Created low level design, Test Cases Developed, Issue Debugging, Code Optimization.

TECHNICAL SKILL

- **Programming Languages:** C/C++, EMBEDDED C
- **Microcontrollers & Processors:** Arduino, ESP32.
- **Development Tools & IDEs:** Eagle CAD, Arduino IDE.
- **Embedded Systems:** Microcontroller programming, basic interfacing, debugging.
- **Electronics:** Circuit design and simulation, Components, testing & troubleshooting.
- **Embedded Systems Concepts:** Memory Management, Low-Level Programming, Interrupt Handling.
- **Manufacturing Knowledge:** Basic understanding of PCB fabrication and assembly processes.

INTERNSHIP/TRAINING

1. **Dhoot Electricals System Pvt. Ltd. |[June 2024 – Aug 2024]**
 - **Role** - Quality Assurance.
 - Assisted in testing and validation of electrical components used in automotive and industrial applications.
 - Supported the engineering team in routine tasks including wiring, PCB handling, and documentation.
 - Improved understanding of industry standards and the workflow.

CERTIFICATIONS

- PLC & Industrial Automation - LinkedIn Learning(Completed) [Jan 2025]
- Generative AI - LinkedIn Learning(Completed) [Feb 2025]
- Second Prize in Paperpresentation at SSBT COET, Jalgaon [Feb 2025]
- Participation in Employability Skill in Life Skill Program Organized by Rubicon [27 Feb 2024 – 01 Mar 2024]
